General Photos of Windrush

Windrush is an idyllic ground, we use it predominantly for private groups (stags, hens, birthdays) but also for Simulated Game Days. With its discreet log cabin nestling quietly in the woods it offers a perfect venue for novice/groups to come and have a go at clay shooting for the first time and a central location for teams of guns to come and shoot simulated drives 12 months of the year. If this Estate were interested in keeping Pheasants and Partridge it would be one of the best shoots in the Cotswolds, The topography is incredible. They choose not to keep Game (fortunately!) so instead it provides us with a *year round venue* for astonishingly high driven drives, grouse, partridge, rough shoots and more.

It is located within 5-15 minutes of fabulous Cotswold towns such as Moreton in Marsh, Stow on the Wold, Bourton on the Water, Northleach, Burford, Bibury and Cirencester. 20 minutes from Cheltenham, Gloucester, Evesham and Broadway – perfect!
